

Linux Mint-CD 镜像

* 您可以移步 <https://mirrors.huaweicloud.com/home> 查看是否有版本更新。

使用说明

Linux Mint 的仓库地址为: <https://repo.huaweicloud.com/linuxmint/>

Linux Mint 的镜像地址为: <https://repo.huaweicloud.com/linuxmint-cd/>

1、备份 `/etc/apt/sources.list.d/official-lackage-repositories.list` 文件:

```
cp /etc/apt/sources.list.d/official-lackage-repositories.list  
  
/etc/apt/sources.list.d/official-lackage-repositories.list.bak
```

2、修改 `official-lackage-repositories.list` 文件（这里以 `LinuxMint 19` 为例）：

```
deb https://repo.huaweicloud.com/linuxmint/ tara main upstream import  
backport  
  
deb https://repo.huaweicloud.com/ubuntu bionic main restricted universe  
multiverse  
  
deb https://repo.huaweicloud.com/ubuntu bionic-updates main restricted  
universe multiverse  
  
deb https://repo.huaweicloud.com/ubuntu bionic-backports main restricted  
universe multiverse  
  
deb https://repo.huaweicloud.com/ubuntu/ bionic-security main restricted  
universe multiverse  
  
deb https://repo.huaweicloud.com/ubuntu/ bionic partner
```

3、执行 `apt-get update` 更新索引文件
